## BOLETÍN DE NOTICIAS

# Las Vegas

*here we come!*

Hi All,

As most of you know, I have been busy working on my horsemanship this year with my horses and Panadero XLVI, my new partner from Spain. He is an amazing horse. Please click this link to see his website [www.mypanadero.com](http://www.mypanadero.com).

Linda Parelli on Panadero in Pagaosa Springs.

Margit and Panadero in the Game of Contact.

Secret Fan Club Turns out Colleen had seen us at the Fiesta of the Spanish Horse so she sent us these photos to publish! Great to meet you Colleen!

Our last big event this year is in Las Vegas, August 29 - September 4. It should be a wonderful show and we'll be riding in the dressage competition, prix caprille, working equitation, and liberty classes. Come see us participate in the Saturday night show, "Horse of Kings", doing a solo liberty act, battle scene and quadrille. I will have a booth set up along side "Odor-No-More". I would love some Parelli Natural Horsemanship support. It will be loads of fun and we'd love to see you there! We really want people to experience the feel of the spanish horse. Anyone that wants to help out in the booth is much appreciated.

I just took him to the "Game of Contact" course with Linda Parelli last month in Pagosa Springs, Colorado. He did extremely well and Linda loved him, even rode him. Stallions are not usually allowed at the ranch. But he was housed next to a gelding and acted like a gelding. Someone even told me, he acts better than her gelding! What a wonderful boy he was!

Back in June while Lisa was attending the American Horse Publications Conference in San Diego, she met Colleen Kelly of Ride Biomechanics. Colleen came out to meet Panadero and I, so please take a minute to watch this great video!
