Saddle Fit Clinic

June 5-6th, 2010

Herigstad Ranch

29628 Anthony Road

Valley Center, Ca. 92082

The clinic is structured to help everyone be able to look at their horse and their saddle and know how to fit your horse properly. You will then ride in a "Parelli Saddle" of your choice to see the difference. Tina has spent a lot of time with Linda Parelli testing these saddles and pads and is very knowledgeable. The day will consist of theory Sat. morning and test rides that afternoon. Sunday will be more test rides. You won't want to miss observing each horse and human to see the changes! The more you see the better you will be at knowing if a saddle fits.
