

Jets American Girl (Emmy)
For Sale \$4,000

12year old Blue Roan Mare. 15H, no white. Emmy is a RBE but has a lot of LBI tendencies. She is my husband Mike's horse. I started her when she was 3. She was owned by some neighbors and we ended up a few years later buying her. Mike has introduced her to cows. She is a little unconfident, but as you can see in picture below, very interested in them. He has also ridden her on trail. Mike does not have time for her and has decided for her sake to find her a home. Her 2 year old colt is now being started by him. She is a sweet and gorgeous mare, very quiet most of the time. She loves her belly

scratched. She has had a few foals and has been a great mom. She lives in a paddock with another mare. Gets along with other horses. Low on the pecking order of the herd.
